INVITATION
SOYA FIELD DAY 2019

Dear colleagues and partners,

Astarta-Kyiv agri-industrial holding and Donau Soja Association kindly invite you to the Soya Field Day 2019

THE PROGRAMME OF THE EVENT INCLUDES:
- presentation of ASTARTA Select by the ASTARTA experts
- speeches from the Donau Soja specialists
- guided tours to the experimental plots of soya beans
- demonstration of the demo plots with sugar beet, sunflower and corn hybrids and their protection system
- special lecture zone with the Donau Soja representatives
- real-time soya beans harvesting championship
- experience exchange and the opportunity to win valuable prizes from ASTARTA Select and the partners of the event in the lottery draw
- demonstration of the sowing and harvesting equipment
- demonstration of harrow and cultivator

Soya Field Day 2019 is a great opportunity to evaluate the potential of 60 main commercial local and foreign non-GM soya bean varieties of different maturity groups on one independent platform. You will get acquainted with the effective technologies of growing non-GM soya beans, sugar beet, sunflower, corn, as well as have the opportunity to have a private talk with the best experts of the agro sector.
