

CATALOGUE OF PENALTIES

Products that consist of DS soya, contain DS soya or were produced using DS soya may be labelled as "Danube Soya" or "fed with Danube Soya" once the Danube Soya Licensing Agreement has been signed, and provided that the Danube Soya Guidelines are complied with and this compliance is monitored and verified.

In case products incorrectly labelled as "Danube Soya" or "fed with Danube Soya" are placed on the market, the following penalties will be charged by Danube Soya Association:

1. Penalty to be imposed in case labelling requirements have been violated for the first time:

Base amount/handling fee:	150 euros
Variable, quantity-based amount:	max. 20 euros/tonne of soya used

2. Penalty to be imposed in case labelling requirements have been seriously violated and/or violated several times:

Base amount/handling fee:	500 euros
Variable, quantity-based amount in case labelling requirements have been violated several times:	max. 50 euros/tonne of soya used
Variable, quantity-based amount in case labelling requirements have been majorly violated (according to remedial measure level 3) or very seriously violated (according to remedial measure level 4):	max. 50 euros/tonne of soya used

Furthermore, an additional amount for additional handling, up to and including a special audit, may be charged.

Version 1, valid after publication on 19 February 2015

Table for calculating the quantity-based penalty amount*:

	Egg-producing poultry		Fattening poultry
Consumption of soya (as feed)/hen/year	10 kg	Consumption of soya (as feed)/chicken	564 grams
Consumption of soya (as feed)/egg	38 grams	Consumption of soya (as feed)/kg of usable meat	470 grams
Number of eggs/hen/year	280	Amount of usable meat/chicken	1.2 kg
Penalty per egg (in case of 2 €/tonne)	0.000076 €/egg	Penalty per chicken (in case of 2 €/tonne)	0.001128 €/chicken
	Fattening pigs		
Consumption of soya (as feed)/fattening period	50 kg		
Penalty per animal (in case of 2 €/tonne)	0.1 €		
Penalty per kg of meat (in case of 2 €/tonne)	0.001 €		

*for all products, for which is no calculation factor shown in this table, the amount of the contractual penalty will be calculated by Danube Soya according to the usual average values.
