### Our services

Inspection and certification of:

- Organic production - for Serbian market as well as for export to EU
- Organic production - BioSuisse
- GLOBALG.A.P. – through cooperation with our partner CB
- Products with geographical indications
- **Danube Soya – cb code SRB-DS-01**

Organic Control System (OCS) authorized by the competent Serbian Ministry for performing control and certification of organic production and certification of organic products from imports. OCS also has the approval for control and certification of products with geographical indications.

Since June 2013, OCS is on the list of certification bodies approved by the European Commission for the purpose of equivalence according to Reg. No.1235/2008. (CB code RS-BIO-162)

For performing those activities OCS is accredited by the Accreditation Body of Serbia.

Organic Control System inspectors are also trained and licensed to perform control of organic production in accordance with USDA / NOP, JAS and Global GAP standard.

Organic Control System is a local CB with the largest number of clients in Serbia. Some of those clients are the largest importers of organic products in Serbia, processed food producers and crop producers.
