# AVAILABILITY OF CERTIFIED DONAU SOJA/EUROPE SOYA VOLUMES

Austrian
Development
Agency

## **DONAU SOJA MARKET REPORT**

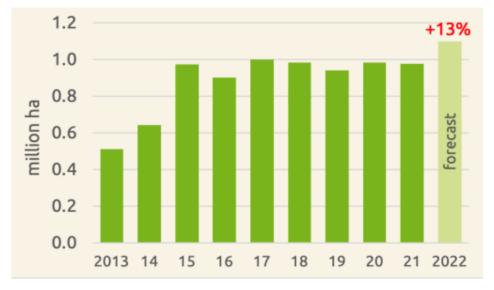

### New report out on **May 21st**!

Monthly market report for the non-GMO market, including prices, forecasts and estimates for supply and demand

EU-27 total soybean area development (2013-2022 forecast of the realistic scenario)

## **OUR STANDARDS**

### **Donau Soja Standard**

- from the Danube Region
- non-GM
- no deforestation / no conversion
- a product of controlled quality and origin

### **Europe Soya Standard**

### **Europe Soya soybeans are**

- from Europe
- non-GM
- no deforestation/ no conversion
- a product of controlled quality and origin
- Optional: Quantity Equivalence System

Europe Soya is produced under the same principles, requirements and certification system as Donau Soja.

Donau Soja can become Europe Soya, but not vice versa.

# **OUR STANDARDS**BUILT ON 3 PILLARS

## EUROPEAN ORIGIN AND TRACEABILITY

✓ HARD IP
from Europe

IT-supported traceability system with lot and traceability certificates

**Isotope analyses** are used to verify the European origin

### **NON-GMO**

### ✓ NON-GM QUALITY

... according to the German VLOG, the Austrian Food Codex and the international Non-GM Danube Region Standards

Both **rapid and PCR tests** are used to verify the non-GM status.

#### **SUSTAINABILITY**

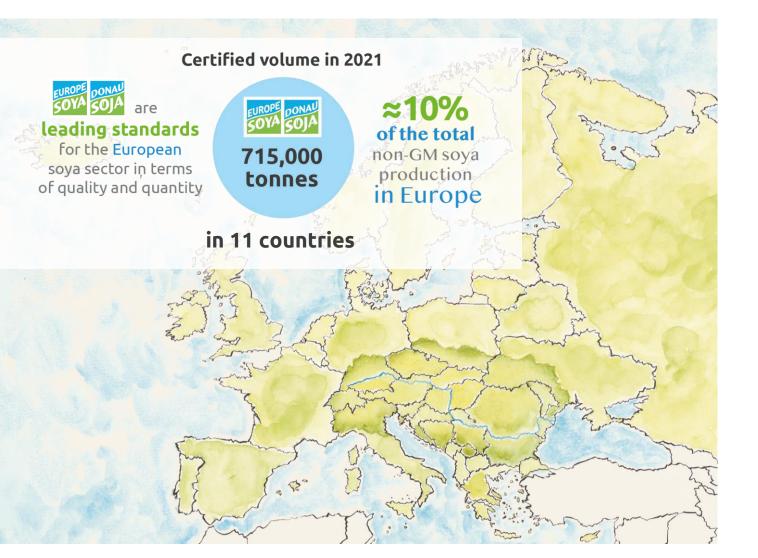

- ✓ ZERO DEFORESTATION and ZERO LAND CONVERSION (i.e. conversion of natural ecosystems to other land uses); cut-off date: January 1, 2008
- ✓ REDUCED USE OF PESTICIDES

  (only EU-approved substances may be used;
  no use of chemicals listed in the Stockholm and Rotterdam Conventions; no use of WHO Class Ia and Ib pesticides; no use of desiccants such as glyphosate; no aerial spraying)
- ✓ Applicable EU SOCIAL & LABOUR LAWS as well as the ILO STANDARDS must be respected in production.

# **AVAILABILITY OF DONAU SOJA & EUROPE SOYA**

 $\approx 10\%$  of European non-GM production is under Donau Soja / Europe Soya certification

**715,000** tonnes of certified Donau Soja/Europe Soya are available after harvest 2021

Over 160 collecting points in the system

Almost 900 certified partners

11 oil mills with Donau Soja/Europe Soya/Non-GM Danube Region Standard certification + more than 20 smaller soya processors

Over 10,000 soybean producers in our system

# DEVELOPMENT OF SOYA VOLUMES IN GERMANY

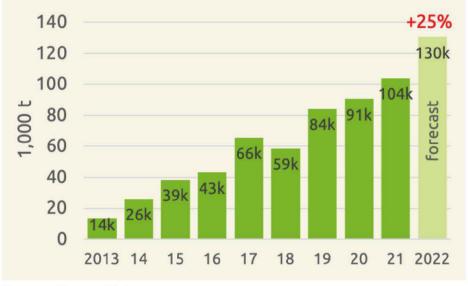

Soya area development in Germany (2013-2022 forecast)

Source: Donau Soja

Soya output development in Germany (2013-2022 forecast)

Source: Donau Soja

**130,000 tons of German soy** expected in 2022

= 9 times the volumes of 2013!

### **POTENTIAL IN GERMANY:**

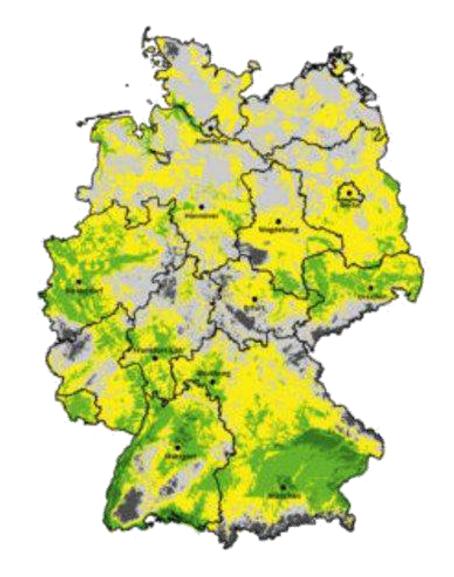

### **2 MILLION TONNES OF SOYA**

"Already today we could produce about **two million tonnes** of soybeans per year in Germany and thus cover 40-50% of our demand."

**Source:** Study on the suitability of soybeans for cultivation in Germany. JKI and Deutscher Sojaförderring. <a href="https://www.sojafoerderring.de/anbauratgeber/sojaklima-in-deutschland/karte-anbaueignung-deutschland/">https://www.sojafoerderring.de/anbauratgeber/sojaklima-in-deutschland/karte-anbaueignung-deutschland/</a>

HOW TO INTEGRATE SUSTAINABLE SOY INTO PHYSICAL SUPPLY CHAINS?

# 10 STEPS: HOW TO REALISE PROJECTS TOGETHER

**Selection of commodity** (e.g. poultry)

1

**Selection of supply chain** 

2

**Contact supplier** and/or facility

3

Evaluation of feed demandquantity and quality

4

**Connecting to** local Donau Soja/ Europe Soya **feed mill or trader**  5

6 Agreement on commercial cooperation

7 Change feed to Donau Soja

8 Inspection by independent control body

9 Certification

Labelling of product with Donau Soja/Europe Soya brand

# Austrian EUROPE DONAU Development Agency

# BEST PRACTICE EXAMPLES

**GERMANY & AUSTRIA** 

### **AUSTRIAN EGG SECTOR**

### Listen to Michael Wurzer from ZAG on the podium!

### Since 2013, Austrian egg sector changed to Donau Soja

- → practically **all shell eggs** sold through the Austrian food retail chains are fed with Donau Soja
- → 110,000 t CO₂eq are annually reduced only by Austrian egg production

### EDEKA SÜDWEST FLEISCH HOFGLÜCK

Listen to **Maxi Karpeles** from **EDEKA Südwest** on the podium!

pork & poultry

+ Folgen

Mehr als 50 Landwirte sind Teil des Markenfleischprogramms Hofglück von EDEKA Südwest. Die Partnerschaft steht für mehr Tierwohl, regionale Wertschöpfung und den Verzicht auf gentechnisch veränderte Futtermittel in der Schweinemast. Der baden-württembergische Minister für Ländlichen Raum und Verbraucherschutz, Peter Hauk MdL, besuchte nun einen Landwirt des EDEKA Südwest-Programms Hofglück. #EDEKA #EDEKASüdwest #Nachhaltigkeit Zur Meldung: https://edeka-sw.de/17Fzs

Linked in

- · Animal-friendly husbandry
- · Premium meat brand
- The Hofglück programme avoids around 10,000 tonnes of  $CO_2$  emissions per year.
